C. No. 694/36

Station Madras, *Dated the* 6th July 19 36

From (Name) G. H. Cooke Esq., M.C., I.C.S.,
(Designation) Commissioner of Labour and Chief Inspector of Factories

To The Secretary to the Government of Madras,
DEVELOPMENT Department.

Sir,

On an inspection of the South Kanara Cashew Works, Urva, Mangalore, South Kanara District, the Inspector of Factories, IV Circle, Coimbatore, on the 29th April 1936, found that 321 persons, i.e., 9 men, 222 women and 90 girls (10 girls below 12 years of age, 60 girls above 12 years and 20 girls above 15 years) were employed, and that their hours of work were not regulated. Besides, provision of drinking water was not made; the compound surrounding the factory was not kept clean; the latrine accommodation provided was not of an approved type and was not sanitary; and

the

ENCLOSURE.

Copy of letter dated 27th June 1936 from the South, Canara Cashew Works, Urva, Mangalore, to the Chief Inspector of Factories. Madras

we beg to state that we have just started experimenting from the 1st January 1936 in a temporarily rented premises, which is in all probability likely to go away from our hands at the end of this year. We do not know exactly where we stand, both in regard to the premises as well as our continuation of the work itself, as should our experiment prove unprofitable, we do not think we can maintain the work. Furthermore, even at present the work is going on very unsteadily, and as there is no demand for cashew kernels, it is likely that we may close down even earlier than expected, as many have done at present. We are using absolutely no moving power in the premises, excepting a small hand vacuum pump.

Under the circumstances explained, we look to you in the interests of promotion of industries, you will be so kind enough as to not take our concern, which is only in its experimental stage, into Factories Act, in which case, it will only bring us into ruination and smash all hopes of making both ~~sides~~ ends meet. The owner of the premises will not spend anything in conforming to Factory Regulations, and if we spend anything in this connection and we are ousted after a few months, it will be a big and irrevocable loss to us. We shall do, in the meantime, everything possible for the well being of the labourers, but we request you again to consider our appeal in a deserving manner. If we should continue from 1937 and succeed in getting a longer lease, then we would be the first to be on the side of the labour.

Thanking you in anticipation.
